REASONS FOR ALLOWANCE

1) The following is an examiner's statement of reasons for allowance: IN re claim 1, none of the references cited either alone or in combination provide a boost valve operable to supply fluid from a source of pressurized fluid to a boost chamber for advancing a boost piston and a primary piston in the master cylinder; the system including a switchable travel rate feature such that the primary piston travels at a greater rate than the boost piston during normal boosted braking when the boost valve supplies fluid from the source of pressurized fluid to the boost chamber. IN re claim 20, none of the references cited either alone or in combination provide a master cylinder including a boost piston and a primary piston, a boost valve operable to supply fluid from a source of pressurized fluid to the boost chamber for advancing the boost piston and the primary piston in the master cylinder; and a pressure regulator valve for providing a limiting controlled pressure level from the source of pressurized fluid to the boost valve. In re claim 22, none of the references cited either alone or in combination provide a master cylinder including a boost piston and a primary piston; a boost valve operable to supply fluid from the source of pressurized fluid to the boost chamber for advancing the boost piston and the primary piston in the master cylinder; an input mechanism for providing a greater boost gain in the beginning of a braking operation; and the detail of the input mechanism claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2) Any inquiry concerning this communication or earlier communications from the examiner should be directed to Devon C. Kramer whose telephone number is 571-272-7118. The examiner can normally be reached on Mon-Fri 8-4.
